Reason for Investigation:

Request from Legal Staff in Wichita to verify status of McNett #11 API#15-207-25945-00-00 and McNett #12 API#15-207-25951-00-00

Findings:

I located an injection well at the location listed as well #11 3072FSL 384 FEL and well #12 3063FSL 765 FEL I found no other evidence near the well locations above ground that would indicate any other wells were drilled. I checked the vicinity of both wells with a metal detector and found no indication to believe there is a buried well near these well locations. RBDMS and KGS both show two wells listed at the exact locations of well #11 and #12 I believe the wells listed as Mico Oil & Gas #11 API#15-207-25945-00-00 and #12 API#15-207-25951-00-00 were not drilled and were expired and the wells at the location are in fact the McNett #11 API#15-207-26038-00-00 and the #12 API#15-207-26037-00-00 listed to belong to Edward Birk, license #8210

Deadline Date:

Forward information to Legal Staff verifying my findings that there is one (1) well listed at the above-mentioned well locations listed as McNett #11 and #12 and they belong to Edward Birk license #8210.
