Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Jones-Jenson 1 well.

The original 365 days for closure expires on 10/06/2016. This extension will expire on 01/06/2017. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

RE: 15-135-25863-00-00

Dear Ms. Haynes:

I am writing this letter to request an extension of 60 days be given for pit closure for the Jones-Jensen #1 well located Sec. 12-4S-37W in Cheyenne County. The reason for this extension is it is too wet.

If you have any questions, please feel free to call us.

Sincerely,

PALOMINO PETROLEUM, INC.
