Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Etheridge Trust 1-16 well.

The original 365 days for closure expired on 06/30/2016. This extension will expire 12/31/2016. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, but not the time period for filing the waste transfer form (CDP-5).

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

RE: Roberts Resources License # 32781
Etheridge Trust #1-16
API # 15-007-24276-00-00

Dear Kathy

We still have plans to drill and additional well on the Etheridge Trust Lease and the proposed location falls on a smaller ridge that will not facilitate digging a reserve pit. Our Oil and Gas Lease requires us to minimize surface erosion, surface damage and to use the reserve pit for more than one drilling location.

Roberts Resources is hereby requesting an extension for pit closure on the referenced pit/well.

Respectfully

Kent Roberts

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Etheridge Trust 1-16 well.

The original 365 days for closure expired on 6/30/2016. This extension will expire on 11/03/2016. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Dear Kathy

We have plans to drill and additional well on the Etheridge Trust Lease and the proposed location falls on a smaller ridge that will not facilitate digging a reserve pit. I have also attached a copy of the recorded lease and addendum (Highlighted #7) that requires us to minimize surface erosion, surface damage and to use the reserve pit for more than one drilling location.

Roberts Resources is hereby requesting a 1 year extension for pit closure on the referenced pit/well.

Respectfully
