Ref: Magnolia Petroleum Co.
R.C. Gates #2
SW NW NW, Sec. 35-21S-13W
Gates Field, Stafford County, Kan.

Gentlemen:

The above named well was drilled as a dry hole on September 28, 1938, and has been carried as temporary abandoned since that date. At that time the thought was to eventually use it as a salt water disposal well, but it developed later that we did not need to use this hole.

The total depth of this hole is 3730' with 13" surface casing set @ 245' with 250 sx. cement circulated and hole was filled with heavy rotary mud to surface.

We propose to cut off 13" casing @ base of cellar and plug top of casing with 6 sx. cement and weld bull plug on top of 13" casing; if this meets with your approval.

Yours very truly,

C.A. Hill
Dist. Sup't.
