Re: Copeland 1 A
NE/4 Sec. 17-34S-03E
Cowley County, Kansas
15-035-24651-00-00

Dear Mr. Hamilton:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Copeland 1 A well.

The original 365 days for closure expired on 11/06/2016. This extension will expire 05/06/2017. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

A handwritten signature in black ink that reads "Ryan A. Hoffman". The signature is written in a cursive style.

Subject: Copland 1A pits

Kathy thank you for your time this morning. As we discussed this morning we are requesting an extension on the pit covering on the Copeland 1A. We have been trying to get these covered but it seems like when our dozer operator is free to do so we get more rain. I will be contacting some other sources to get this work completed for us. Below is our address and information. If you could also email the letter for the extension that would be great. Again thank you.
