Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Money Shot 1-21 well.

The original 365 days for closure expired on 05/02/2017. This extension will expire on 10/12/2017. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

RE: Money Shot #1-21 Pit Closures

Dear Ms. Haynes:

This letter is in response to your Non-Compliance with Commission Order regarding the above mentioned leases. We are requesting an extension for filling these pit. We have inspected the lease on July 6, 2017 and have hired Langfeld Dirt Services to fill the pits. They have been out 4 times to try to complete the task and were unable to finish safely. Due to the amount of moisture remaining in the pits. Please extend our permit for 6 months. Thank you.

Sincerely,

Donna L May-Murray
Office Manager
