Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Keller C NE 2 well.

The original 365 days for closure expired on 08/15/2017. This extension will expire on 01/10/2018. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

RE: Pit Extension Request
Bowman Oil Company – Keller C NE #2, NE SW SE NE of
S30-T10S-R19W of Rooks County, Kansas API #15-163-24313-0001

Dear Kathy,

I am writing to request a three month Extension of Pit Closure for the drilling pit for the above referenced well.

We have had some rain in that area and the pit is too muddy to close yet, we will keep a close eye on this and try to get this pit closed in as soon as possible.

If you have any questions, please call 785-434-2286. Thank you for your time concerning this matter and have a nice day.

Sincerely,

Connie Jo Austin
Agent for Bowman Oil Company
