Re: Andrews 22-1  
NW/4 Sec. 22-22S-13W  
Stafford County, Kansas  
15-185-23960-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Andrews 22-1 well.

The original 365 days for closure expired on 05/14/2017. This extension will expire on 10/21/2017. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director

Kathy-

I received a violation notice for not submitting a CDP-4 on the following well:

Andrews 22-1  
15-185-23960  
22-22s-13w, NWSENEW

I am writing to tell you the reason I have not filed the document is because the pits are still open. Stafford County has experienced a very wet spring and summer and we are still trying to get the pits dried out.

We would like to keep the surface owners best interests in mind and not fill the pits until they are completely dry. With the recent dry spell this may come soon.

Is there any way to get an extension on this notice and let you know when the CDP-4 is ready and pits have been backfilled?

Thank you very much. If possible I would appreciate your advice on how to proceed.
