I have today completed supervision of plugging of

Well No. _____ Lease Brown

Operator Earl Hipple

Field Welch County Rice

Total Depth 3450 Feet.

(Describe briefly the manner in which well was plugged)

Filled with mud to 3400. Wooden plug set at that depth, and 100 feet of mud put on top of it. Plug set at about 300 feet, below surface pipe, and twenty feet of cement run on top of it. Filled to top with mud and dirt.
