Gentlemen:

I could never find out if Western Pipe & Equipment bought this lease, or just bought the well. I never had a log to same, and could get no information with which to fill out the plugging record, other than the plugging we did. I sent this plugging information to them at Ft. Worth, requesting that they get the additional information from the people they purchased the lease from, but never heard further from them. I had supposed they furnished you this.

C. L. Steinberg.
