9. Describe other means you tried or considered and the results.

10. "The operator has made a diligent effort to obtain a market for the gas and the volume of natural gas produced from this well will not economically justify a pipeline connection."

11. To the best of my current information, knowledge and personal belief, this request for the flaring of gas for the referenced well is proper.

12. The Commission shall have the right to ask for any additional information regarding the flaring of gas in this matter.
