Temporary Permit for Disposal
of Salt Water for 60 Days

Mr. Max Robinson
Winona Oil & Gas Company
KSB&T Building
Suite 995
Wichita, Kansas 67202

Dear Mr. Robinson:

As requested by your letter dated November 18, 1977, requesting temporary permission for disposal, this letter will serve as your authority to temporarily dispose into the Cedar Hills Formation into Well No. 2 located in the NW NW/4 of Section 2-20S-16 West, Pawnee County, Kansas.

For such disposal testing, the subject well will be perforated to stay within approximate bounds of pressure to be used in the Cedar Hills Formation. Tubing and packer will be used and anti-corrosive materials will fill the annulus between casing and tubing.

This temporary permission is granted only on a trial test basis for a sixty day period effective this date. A permanent disposal of salt water application will be required if your tests for disposal work satisfactorily.

Please advise the Commission of your test results or if you wish to discontinue into this subject well.

Very truly yours,

RECEIVED
