NOTICE OF RECEIPT OF WELL PLUGGING APPLICATION

4 ... Ja 🤼

September 30, 1993

Graham-Michaelis Corp P O Box 247 Wichita KS 67201 Parkin #1-11 API 15-097-20,308 4620 FSL 4620 FEL Sec. 11-30S-19W Kiowa County

Dear Dave Patterson,

This letter is to notify you that the Conservation Division is in receipt of your plugging proposal, form CP-1, for the above-captioned well.

Your CP-1 has been reviewed by the Conservation Division central office for completeness and to verify license numbers. The plugging proposal will now be forwarded to the district office listed below for review of your proposed method of plugging. Please contact the district office for approval of your proposed plugging method at least at five (5) days before plugging the well. pursuant to K.A.R. 82-3-113 (b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit.

It has recently come to my attention that the form CP-1 has been filed by operators other than the owner or operator of the well and without the consent of the owner or operator. The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well.

This notice in no way constitutes authorization to plug the above-captioned well by persons not having legal rights of ownership or interest in the well. This notice is void after ninety (90) days from the above date.

David P. Williams Production Supervisor

Sincerely

District: #1 304 W. McArtor Dodge City KS 67801 (316) 225-6760
