Re: Binns A 1-32
SW/4 Sec. 32-15S-33W
Logan County, Kansas
15-109-21454-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Binns A 1-32 well.

The original 365 days for closure expired on 08/16/2017. This extension will expire 02/16/2018. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Subject: Pit closure extension - Binns "A" #1 - Logan County

This is an EXTERNAL EMAIL. Think before clicking a link or opening attachments.

Hi Kathy,
I am writing to ask for another short extension for the pits on the Binns "A" #1-32 in Logan County that we drilled in late 2016. The reserve pit has taken forever to dry out, but is now ready. The dirt contractor is headed there this Friday, 12/22. I hope this email will suffice.

Thank you,

Nicholas D. Hess, CPL
President
