Re: RGE Brunswig SWD 1
SW/4 Sec. 07-02S-41W
Cheyenne County, Kansas
15-023-21454-00-00

Dear Mr. Rice:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the RGE Brunswig SWD 1 well.

The original 365 days for closure expired on 09/20/2017. This extension will expire on 02/16/2018. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

A handwritten signature in black ink that reads "Ryan A. Hoffman".

This is an EXTERNAL EMAIL. Think before clicking a link or opening attachments.

Kathy, I am asking for an extension of 60 days for closing the pit on the following well.

RGE Brunswig SWD 1
API# 15-023-21454-00-00

The reason for the need of an extension is that due to all of the rain that NW Kansas had through out the spring and early summer it would not be prudent to close it at this time. It is still a little muddy in the bottom. Please consider this extension. Thanks for your time.
