Re: Rita Doidge 1-34  
NW/4 Sec. 34-14S-41W  
Wallace County, Kansas  
15-199-20437-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Rita Doidge 1-34 well.

The original 365 days for closure expired on 11/21/2017. This extension will expire on 04/11/2018. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

  
Ryan A. Hoffman  
Director

**RE: Surface Pit Closure Form (CDP-4)**

Well: **Rita Doidge 1-34**  
API: 15-199-20437  
Loc: 34-14s-41w, S2 SW NW NW  
Wallace County, KS

Well: **PWAB 1-35**  
API: 15-199-20438  
Loc: 35-14s-41w, SE SE SE NW  
Wallace County, KS

Dear Kathy Haynes,

The purpose of this letter is to request an extension on the pit closures for the wells referenced above. Site conditions have not allowed for backfill at this time due to the lengthy fall harvest with record crops. J.R. Oil Services has conveyed that the pits can be backfilled and closed within 30 days. Feel free to contact me with additional questions.

Sincerely,

Ryan Davis
