Re: Well #5 on the
W.M. Schurr Lease
SW $\frac{1}{4}$ of Sec. 21-20-10
Rice County, Kansas

Attention: Mr. E. M. Hager

Gentlemen:

We are in receipt of your notice dated November 12th, requesting a well log to complete your file on the above captioned well. When we submitted Plugging Reports to you covering this well, we indicated thereon that we had purchased this well from a broker and that we did not have well logs to cover this well.

We understand that your department furnishes well logs for a nominal cost, and if our information is correct, we thought perhaps you could send us, or get a well log for this well and send us a bill to cover the cost of same.

We have not plugged many wells in Kansas, and ordinarily the plugger takes care of these matters for us. Do you have a copy of regulations pertaining to the plugging of wells in Kansas? We would thank you very much for a copy of such regulations if you have them.

If you will advise us whether or not you can secure a well log for this well we will appreciate it very much, or if you are still looking to us to furnish it, advise and we will try and locate a log elsewhere.

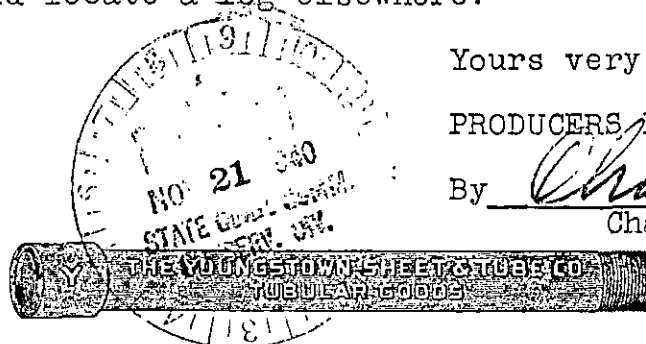

Yours very truly,

PRODUCERS PIPE & SUPPLY CO.
