AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

- 1. Notify the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on each drilling rig; 3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top; in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying formation. 4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging; 5. The appropriate district office will be notified before well is either plugged or production casing is cemented in; 6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within 120 DAYS of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. In all cases, NOTIFY district office prior to any cementing

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

Date: 6/1/15 Signature of Operator or Agent: [Signature] Title: President

June 1st, 2015

Mr. Rick Hesterman
KCC - Conservation Division / Oil & Gas

Dear Mr. Hesterman,

Enclosed are amendments to two (2) forms C-1 on the Bennett oil lease in Section 21, Township 25 South, Range 17 East, specifically for wells 16 and 18.

The wells in question were drilled by Legend Oil & Gas, Ltd., from whom Lakeshore took over operations on March 27, 2015.

In the process of filing the T-1 forms related to that transfer of operatorship, it was realized that the footages calls for wells 16 and 18 on this lease were incorrect. Specifically, it appears as if Legend called the footages from the west line of the lease, rather than the west line of the quarter-section (the lease is situated in the eastern half of the section, so its western line is in the middle of the section).

The footages for these wells need to be corrected within KCC records to reflect the location of the wells within the lease boundaries so that the T-1 form can be finalized.

Once we discovered these errors, Barbara Montgomery, with the KCC, advised that I should file an amended form C-1 for each well with the corrected footages and should send them to your attention.

If you have any questions, please don't hesitate to call me directly at (773) 754-6242 or contact me via email at Wesley@LakeshoreResourcesLLC.com.

Best Regards,

Wesley K. Ketcham, P.E.
President
