Figure 1 consists of two vertically stacked bar charts. The top chart is titled 'All respondents' and the bottom chart is titled 'Respondents with a history of sexual abuse'. Both charts share the same x-axis categories: 'No history of sexual abuse', 'History of sexual abuse', 'History of sexual abuse and physical assault', 'History of sexual abuse and emotional abuse', 'History of sexual abuse and physical and emotional abuse', and 'History of sexual abuse and physical, emotional, and sexual abuse'. The y-axis represents the percentage of respondents, ranging from 0 to 100. In the top chart, the bars show that approximately 80% of all respondents have a history of sexual abuse, with the majority of those having a history of sexual abuse also having a history of physical and emotional abuse. In the bottom chart, the bars show that 100% of respondents with a history of sexual abuse have a history of sexual abuse, with the majority also having a history of physical and emotional abuse.
