JAED Production, Inc. #3954 operator

RECEIVED  
STATE COMMISSIONER  
DEC 09 1997  
CONSERVATION DIVISION  
HAYS, KANSAS

Dear Mr. Wann:

In follow up to our conservation on November 26, 1997, I have enclosed copies of the following documents:

- ♦ Letter to D. U. Investments, dated August 1, 1996, regarding completion of the T-1 form.
- ♦ Letter to D. U. Investments, dated August 7, 1996, as a follow up to my letter dated August 1, 1996.
- ♦ My letter to the corporation commission, Wichita office, dated September 25, 1996, enclosing the T-1 form and pointing out we did not receive all needed information from Mr. Unruh.
- ♦ My file copy of the T-1 form in which I have added the docket number and spot location for the disposal well on the front side and the well number and spot location for the disposal well on the reverse side. I hope this provides at least the minimum information needed to effectuate the transfer of the injection authority to JAED Production Co, Inc. If not, we will dig to try to get whatever other information is needed.

With this letter, I would like to also confirm your verbal approval for JAED to continue to use the disposal well since we had previously submitted the T-1 form.

Thank you for your help and if you have any questions whatsoever, please do not hesitate to let me or Jay Warren know.

Very truly yours,

 KCC

RE: Gumble Lease

Dear Doug:

Please find enclosed a partially completed Change of Operator form. It would be appreciated if you would approve the form as the past operator and return the original together with a copy of the former operator's form. I am assuming the prior form would have the information I need for the production zone as well as the well information contained on the reverse side of the form.

Please let me know if you have any questions.

Very truly yours,

ROBERT D. WILSON

RE: Gumble Lease

Dear Doug:

I just wanted to check to see if you have had a chance to complete and approve the change of operator form. NCRA has requested that we provide them a completed copy of the change of operator form together with the recorded assignments. I mailed the recorded assignments to them so they could transfer the interests but they mailed them back to me advising that they had deleted the Gumble lease from their system. They are requiring both of those instruments to get the lease back into the system.

Thanks for your help.

Very truly yours,

ROBERT D. WILSON

RE: Gumble Lease  
NW/4 of 8-11-17W  
Ellis County, Kansas

Dear Sirs:

Please find enclosed a Request for Change of Operator and Transfer of Injection Authority. My client, Jaed Production Co., Inc. has purchased the entire working interest and operations are being transferred from D.U. Investments to Jaed. I had prepared the form as much as I could but I do not have the information regarding the disposal well and the well information that is contained on the reverse side of the form. I forwarded the form to Mr. Unruh with a request that he complete that information but the form was returned to me without that information. Please let me know if the form cannot be approved without the completion of that information. If so, would your office have a prior form from which we could obtain the needed information?

Please let me know if there are any questions.

Very truly yours,

ROBERT D. WILSON
