Containing 183.70 acres, more or less, and all accretions thereto.

1. It is AGREED that this Lease shall remain in force for a term of three (3) years from the date hereof, and thereafter as oil or gas of whatsoever nature or kind is produced from the Land or on acreage pooled therewith, or drilling or reworking operations are continued as hereinafter provided. If, at the expiration of the primary term of this Lease, oil or gas is not being produced from the Land or on acreage pooled therewith, but Lessee is then engaged in drilling or re-working operations thereon, then this Lease shall continue in force so long as operations are being continuously prosecuted on the Land or on acreage pooled therewith; and operations shall be considered to be continuously prosecuted if not more than ninety (90) days shall elapse between the completion or abandonment of one well and the beginning of operations for the drilling of a subsequent well. If after discovery of oil or gas on the Land or on acreage pooled therewith, the production thereof should cease from any cause after the primary term, this Lease shall not terminate if Lessee commences additional drilling or re-working operations within ninety (90) days from the date of cessation of production or from the date of completion of dry hole. If oil or gas shall be discovered and produced as a result of such operations at or after the expiration of the primary term of this Lease, this Lease shall continue in force so long as oil or gas is produced from the Land or on acreage pooled therewith.

2. This is a PAID-UP LEASE. In consideration of the cash tendered to Lessor, Lessor agrees that Lessee shall not be obligated, except as otherwise provided herein, to commence or continue any operations during the primary term. Lessee may at any time or times during or after the primary term surrender this Lease as to all or any portion of the Land and as to any strata or stratum by delivering to Lessor or by filing for record a release or releases, and be relieved of all obligations thereafter accruing as to the acreage surrendered.

3. In consideration of the premises, Lessee COVENANTS AND AGREES:

1st. To deliver to the credit of Lessor, free of cost, in the pipe line to which Lessee may connect wells on the Land, the equal one-eighth (1/8th) part of all oil produced and saved from the Land.

2nd. To pay Lessor one-eighth (1/8th) of the gross proceeds each year, payable quarterly, for the gas from each well where gas only is found, while the same is being used off the premises, and if used in the manufacture of gasoline a royalty of one-eighth (1/8th), payable monthly at the prevailing market rate for gas.

3rd. To pay Lessor for gas produced from any oil well and used off the premises or in the manufacture of gasoline or any other product a royalty of one-eighth (1/8th) of the proceeds, at the mouth of the well, payable monthly at the prevailing market rate.

4. Where gas from a well capable of producing gas is not sold or used, Lessee may pay or tender as royalty to the royalty owners One Dollar (\$1.00) per year per net royalty acre retained hereunder, such payment or tender to be made on or before the anniversary date of this Lease next ensuing after the expiration of ninety (90) days from the date such well is shut in and thereafter on or before the anniversary date of this Lease during the period such well is shut-in. If such payment or tender is made, it will be considered that gas is being produced within the meaning of this Lease. Notwithstanding any other provision to the contrary, this Lease shall not terminate because of a failure to properly or timely make shut-in well payments unless Lessor shall have given Lessee written notice of such failure to properly or timely make such shut-in well payment and Lessee shall have failed for a period of thirty (30) days after receipt of such notice to tender such payment in the proper amount, together with a late or improper payment penalty of \$100.00.

5. Without impairment of Lessee's rights under the warranty given in Paragraph 14 below in the event of failure of title, if Lessor owns a lesser interest in the Land than the entire and undivided fee simple estate therein, then the royalties (including any shut-in gas royalty) provided for herein, shall be paid Lessor only in the proportion which Lessor's interest bears to the whole and undivided fee.

6. Lessee shall have the right to use, free of cost, gas, oil and water produced on the Land for Lessee's operations thereon, except water from the wells, springs and reservoirs of Lessor.

7. When requested in writing by Lessor, Lessee shall bury Lessee's pipe lines below plow depth.

8. No well shall be drilled nearer than 200 feet to the house or barn now on the Land without the written consent of Lessor.

9. Lessor shall approve as to all well sites, such approval will not be unreasonably withheld. Lessor shall be paid Four Hundred Dollars for each drill site as liquidated damages.

10. Lessee shall have the right at any time to remove all machinery and fixtures placed on the Land, including the right to draw and remove casing.

11. The rights of Lessor and Lessee hereunder may be assigned in whole or in part. No change in ownership of Lessor's interest (by assignment or otherwise) shall be binding on Lessee until Lessee has been furnished with notice, consisting of certified copies of all recorded instruments or documents and other information necessary to establish a complete chain or record title from Lessor, and then only with respect to payments thereafter made. No other kind of notice, whether actual or constructive, shall be binding on Lessee. No present or future division of Lessor's ownership as to different portions or parcels of said land shall operate to enlarge the obligations or diminish the rights of Lessee, and all of Lessor's operations may be conducted without regard to any such division. If all or any part of this Lease is assigned, no leasehold interest shall be liable for payment or satisfaction
