Re: Change of Operator

Dear Ms. Riagosa:

Clary Energy, LLC ("Clary") owns 100% of the working interest in the wells that are described on Exhibit A attached hereto. Effective March 1, 2007, Clary Energy, LLC ("Clary") has terminated Osborn Energy, LLC ("Osborn") (KCC License #32294) as the operator of those wells. The new operator of those wells is PR Operating, LP (KCC License #33872). Enclosed are KCC Form T-1s for each of the wells on Exhibit A reflecting that change of operator. We request that you change the "Operator of Record" with the Kansas Corporation Commission (the "KCC") for those wells. Despite our request for them to do so, Osborn has refused to sign the enclosed KCC T-1 forms.

Clary owns 100% of the working interest in these wells and is not contractually obligated to use Osborn to operate these wells. We sent a letter to Mr. Jim Osborn on March 16, 2007 requesting that he sign the respective forms so that we could submit our request for transfer to the KCC. Unfortunately, Osborn has not signed the transfer forms.

Operator responsibility for these wells has changed to PR Operating, LP and Osborn's consent is not necessary to effect that change. Accordingly, we request the KCC change its records to reflect that change of operator for these wells.

If you have any questions, please feel free to contact John Land, Clary Energy at 501.225.0204 or our attorney, Mr. David Bengtson, Stinson Morrison Hecker LLP at 316.268.7943.

Sincerely,

A handwritten signature in black ink, appearing to read "John Land", written over a horizontal line.

John H. Land
President
