Re: Melander
W ½ Sec 11, T34, R 14E
Montgomery County, Kansas

Please accept the attached T-1 Form.

API numbers have been requested. Since, we had no records of the wells in our possession. We tried several avenues to obtain the API. We contacted the Kansas Geological Survey, to obtain well logs. They had limited information on the lease. Finally were able to get some information from the library at KCC. We have included these API numbers with the correct footage utilizing GPS. However, the library at the KCC was short API numbers for 4(four) wells. We have tried to best match the API numbers with the existing wells.

Thank you,

Ron Cunningham
