RE: Change of Operator Form-Unruh 1-22

Dear Mr. McCannon:

In October, 1996, Claassen Oil and Gas, Inc. purchased the Unruh 1-22, located in Section 22-31S-17W, Comanche County, Kansas, from Ensign Operating Company. At closing, the enclosed T1 was signed by Claassen as the new operator and by Mr. Reed Wacker of Ensign as the previous operator. Apparently there must have been some confusion which company would file the T1 as it does not appear to have been filed with the Kansas Corporation Commission. Claassen Oil and Gas, Inc. has operated the well continuously since October, 1996 and there is an Assignment filed with the Comanche County Register of Deeds as evidence of the sale.

This week I received a call from Susan Donovan of El Paso Exploration and Production Co. seeking information about the Unruh 1-22. It seems that El Paso had received an Assignment and filed a T1 dated June, 2006 with Medicine Bow Operating on the Unruh 1-22. The Unruh 1-22 appears to have been included in a much larger sales package of wells between the companies. I have requested Ms. Donovan send you a letter declining interest in the Unruh 1-22 and acknowledging Claassen Oil and Gas, Inc. as operator.

Hopefully, this will clarify the situation for the Kansas Corporation Commission. Let me know if I need to take further action regarding the Unruh 1-22. Thank you for your assistance in this matter.

Sincerely,

*Dan Claassen*

Dan Claassen
