Independence, Kansas

490/237

AGREEMENT, Made and entered into 12TH day of JULY 1999
by and between JESSE P. CLARKSON AND GENNEVIEVE M. CLARKSON (HUSBAND & WIFE)

of Independence, KS
and GARY R. BRIDWELL d/b/a ROCKHILL ENERGY party of the first part, hereafter called lessor (whether one or more)

WITNESSETH, That the said lessor, for and in consideration of 10.25 + O.V.C. DOLLARS cash in hand paid, receipt of which is hereby acknowledged, and of the covenants and agreements hereinafter contained on the part of the lessee to be paid, kept and performed, has granted, demised, leased and let by these presents does grant, demise, lease and let unto the said lessee, for the sole and only purpose of mining and operating for oil and gas, and laying pipe lines, and building tanks, power, stations and structures thereon to produce, save and take care of said product, all that certain tract of land situate in the County of Montgomery State of Kansas, described as follows, to-wit:

SOUTH HALF OF THE NORTHWEST QUARTER AND
THE NORTH HALF OF THE SOUTHWEST QUARTER SE 1/4 NW 1/4
N18 E 30 N

of Section 2 Township 33 S Range 15 E and containing 160 acres, more or less.

It is agreed that this lease shall remain in force for a term of 18 MONTHS years from date, and as long thereafter as oil or gas or either of them, is produced from said land by the lessee.

In consideration of the premises the said lessee covenants and agrees:

1st. To deliver to the credit of lessor, free of cost in the pipe line to which he may connect his wells, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises.

2nd. To pay lessor for gas from each well where gas only is found, the equal one-eighth (1/8) of the gross proceeds at the prevailing market rate for all gas used on the premises, said payments to be made monthly and lessor to have gas free of cost from any such well for all above and all inside lights in the principal dwelling house on said land during the same time by making his own connections with the well at his own risk and expense.

3rd. To pay lessor for gas produced from any oil well and used off the premises, or for the manufacture of casinghead gas one-eighth (1/8) of the gross proceeds at the prevailing market rate for the gas used, for the time during which such gas shall be used, said payments to be made MONTHLY

If he will be commenced on said land on or before the 15 day of August 1999, this lease shall terminate as to both parties, unless the lessee on or before that date shall pay or tender to the lessor or to the lessor's credit in the Bank at DOLLARS, which sum shall operate as a rental and cover the

privilege of deferring the commencement of a well for months from said date; in like manner and upon like payments or tenders the commencement of a well may be further deferred for like periods of the same number of months successively. And it is understood and agreed that the consideration first recited herein the down payment covers not only the as aforesaid, and any and all other rights conferred.

Should the first well drilled on the above described land be a dry hole, then, and in that event, if a second well is not commenced on said land within twelve months from the expiration of the last rental period which rental has been paid, this lease shall terminate as to both parties, unless the lessee on or before the expiration of said twelve months shall resume the payment of rentals in the same amount and in the same manner as hereinbefore provided. And it is agreed that upon the resumption of the payment of rentals, as above provided, that the last preceding paragraph hereof, governing the payment of rentals and the effect thereof, shall continue in force just as though there had been no interruption in the rental payments.

If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties and rentals herein provided shall be paid the lessor only, in the proportion which his interest bears to the whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil, and water produced on said land for its operation thereon, except water from wells of lessor.

When requested by lessor, lessee shall bury his pipe lines below plow depth.

No well shall be drilled nearer than 200 feet to the house or barn now on said premises, without the written consent of the lessor.

Lessee shall pay for damages caused by its operations to growing crops on said land.

Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

If the lessee shall commence to drill a well within the term of his lease or any extension thereof the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years herein first mentioned.

If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed) the covenants hereof shall extend to the heirs, executors, administrators, successors and assigns, but no change of ownership in the land or in the royalty or royalties shall be binding on the lessee until after notice to the lessor and it has been furnished with the written transfer or assignment or a certified copy thereof.

If the leased premises shall hereafter be owned in severalty or in separate tracts, the premises, nevertheless, shall be developed and operated as one lease and all royalties accruing hereunder shall be treated as an entirety and shall be divided among and paid to such separate owners in the proportion that the acreage owned by each such separate owner bears to the entire leased acreage. There shall be no obligation on the part of the lessee to offset wells on separate tracts into which the land is covered by this lease, may be heretofore divided by sale, devise, or otherwise, or to furnish separate measuring or recording tanks. It is hereby agreed that in the event this lease shall be assigned as to a part or as to parts of the above described land, and the holder or owner of any such part or parts shall fail to make default in the payment of the proportionate part of the rent due from him or them, such default shall not operate to defect or affect this lease in so far as it covers a part or parts of said land upon which the said lessee, or any assignee hereof shall make due payment of said rentals. If at any time there be as many as four parties entitled to rentals or royalties, lessee may withhold payments thereof unless and until all parties designate, in writing in a recordable instrument to be filed with the lessee, a common agent to receive all payments due hereunder, and to execute division and transfer orders on behalf of said parties, and their respective successors in title.

Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the lessee shall have the right at any time to redeem for lessor by payment, any mortgages, taxes or other liens on the above described lands, in the event of default of payment by lessor, and be subrogated to the rights of the holder thereof.
