Hi Matt

Here is the information and footages for the 3 injections that you are calling "Iowa College Lease" (we will change the name during the transfer of operator). It also shows when the next MIT's are due.

If you want to check on the #F9 and let me know if it is still there and you want it added, just let me know.

Thank you for your assistance

Yes we are good on transferring the injection. I thought they had been transferred as our KCC area guy said they were still good and not in need of MIT. I had no idea it didnttransfer.

I am not sure about the other injection well, I will have to look that up. Does it need to be MIT?

Hi Matt:

In processing your T1 received on 9/4/2012 for the Iowa College Lease transferring from Ad Astra Oil Corporation to Bauer Oil Investments as of 8/17/2012, I found that you included 2 injection wells (#H-9, #E-9) that had not been included on the T1 received 5/31/2012 that was transferring from Nickell Drilling w/a copy of a Lease Agreement.

At this time the injection wells are under the Operator Nickell Drilling and before I can process the most recent T1 received, I need your permission to add these Two wells to the initial T1 transferring them from Nickell Drilling to Ad Astra Oil Corp.

I also had a question in regards to another injection well (#F-9) that was not included to be sure if it should also be added to the T1's also. We show that the well is located at: 1974 FSL - 4414 FEL in Sec 26-18-22E.

Thank you for your assistance.

If you have any questions or need any further information, please do not hesitate to contact me.

Subject: Iowa College Lease

Hi Matt:

In processing your T1 received on 9/4/2012 for the Iowa College Lease transferring from Ad Astra Oil Corporation to Bauer Oil Investments as of 8/17/2012, I found that you included 2 injection wells (#H-9, #E-9) that had not been included on the T1 received 5/31/2012 that was transferring from Nickell Drilling w/a copy of a Lease Agreement.

At this time the injection wells are under the Operator Nickell Drilling and before I can process the most recent T1 received, I need your permission to add these Two wells to the initial T1 transferring them from Nickell Drilling to Ad Astra Oil Corp.

I also had a question in regards to another injection well (#F-9) that was not included to be sure if it should also be added to the T1's also. We show that the well is located at: 1974 FSL – 4414 FEL in Sec 26-18-22E.

Thank you for your assistance.
