AGREEMENT, Made and entered into this
by and between James L. Player, a single man

Michael H. Dutcher and Richard H. Dutcher, Part, hereinafter called lessor (whether one or more) and
d/b/a Ram Gas & Oil, a partnership Part of the second part, hereinafter called lessee.
Ten and 00/100 DOLLARS.

WITNESSETH, That the said lessor, for and in consideration of the covenants and agreements hereinafter contained on the
cash in hand paid, receipt of which is hereby acknowledged, and of the covenants and agreements hereinafter contained on the
part of lessee to be paid, kept and performed, has granted, demised, leased and let and by these presents does grant, demise,
lease and let unto said lessee, for the sole and only purpose of mining and operating for oil and gas, and laying pipe lines, and
building tanks, power stations and structures thereon to produce, save and take care of said products, all that certain tract of

land situated in the County of Miami State of Kansas, described as follows, to wit:
See Schedule A attached hereto and made a part hereof as if fully set forth
herein.

It is agreed that this lease shall remain in full force for a term of one (1) years from this date, and as long
thereafter as oil or gas, or either of them, is produced from said land by the lessee.

In consideration of the premises the said lessee covenants and agrees:
1st. To deliver to the credit of lessor, free of cost, in the pipe line to which lessee may connect his wells, the equal one-
eighth (1/8) part of all oil produced and saved from the leased premises.

2nd. To pay lessor for gas from each well where gas only is found the equal one-eighth (1/8) of the gross proceeds at the
prevailing market rate, for all gas used off the premises, said payments to be made monthly
and lessor to have gas free of cost from any such well for all stoves and all inside lights in the principal dwelling house on said
land during the same time by making his own connections with the well at his own risk and expense.

3rd. To pay lessor for gas produced from any oil well and used off the premises or in the manufacture of gasoline or any
other product a royalty of one-eighth (1/8) of the market value, at the mouth of the well, payable monthly at the prevailing
market price.

If no well be commenced on said land on or before the day of this lease shall terminate as to both parties, unless the lessee on or before that date shall pay or tender to the lessor, or to the
lessor's credit in The Bank at

or its successors, which shall continue as the depository regardless of changes in the ownership of said land, the sum of
DOLLARS, which shall operate as a rental and cover the privilege of defer-

ring the commencement of a well for months from said date. In like manner and upon like payments or tenders
the commencement of a well may be further deferred for like periods of the same number of months successively. All such
payments or tenders of rentals may be made by check or draft of lessor or any assignee thereof, mailed or delivered on or be-
fore the rental paying date, either direct to lessor or assigns or to said depository bank. And it is understood and agreed that
the consideration first recited herein, the down payment, covers not only the privileges granted to the date when said first rent-
al is payable as aforesaid, but also the lessee's option of extending that period as aforesaid, and any and all other rights con-
ferred.

Should the first well drilled on the above described land be a dry hole, then, and in that event, if a second well is not com-
menced on said land within twelve months from the expiration of the last rental period for which rental has been paid, this
lease shall terminate as to both parties, unless the lessee on or before the expiration of said twelve months shall resume the
payment of rentals in the same amount and in the same manner as hereinbefore provided. And it is agreed that upon the re-
sumption of the payment of rentals, as above provided, that the last preceding paragraph hereof, governing the payment of
rentals and the effect thereof, shall continue in force just as though there had been no interruption in the rental payments.

If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein,
then the royalties and rentals herein provided shall be paid the lessor only in the proportion which his interest bears to the
whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil, and water produced on said land for its operation thereon, except
water from wells of lessor.

When requested by lessor, lessee shall bury his pipe lines below plow depth.
No well shall be drilled nearer than 200 feet to the house or barn now on said premises, without the written consent of
the lessor.

Lessee shall pay for damages caused by its operations to growing crops on said land.
Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right
to draw and remove casing.

If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have
the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found
in paying quantities, this lease shall continue and be in force with the like effect as if such well had been completed within the
term of years herein first mentioned.

If the estate of either party hereto is assigned, and the privilege of assigning in whole or in part is expressly allowed,
the covenants hereof shall extend to their heirs, executors, administrators, successors or assigns, but no change in the owner-
ship of the land or assignment of rentals or royalties shall be binding on the lessee until after the lessee has been furnished
with a written transfer or assignment of a true copy thereof; and it is hereby agreed in the event this lease shall be assigned
as to a part or as to parts of the above described lands and the assignee or assignees of such part or parts shall fail or make
default in the payment of the proportionate part of the rents due from him or them on an acreage basis, such default shall not
operate in default or affect this lease in so far as it covers a part or parts of said lands upon which the said lessee or any as-
signee thereof shall make due payments of said rentals. If the leased premises are now or hereafter owned in severalty or in
separate tracts, the premises, nevertheless, may be developed and operated as an entirety, and the royalties shall be paid to
each separate owner in the proportion that the acreage owned by him bears to the entire leased area. There shall be no obli-
gation on the part of the lessee to offset wells on separate tracts into which the land covered by this lease may hereafter be
divided by sale, devise, or otherwise, or to furnish separate measuring or receiving tanks for the oil produced from such sepa-
rate tracts.

Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the lessee shall have
the right of any way to redeem for lessor by payment, any mortgages, taxes or other liens on the above described lands, in the
event of default of payment by lessor, and be subrogated to the rights of the holder thereof. The covenants contained
in Schedule A hereto are made a part hereof as if fully set forth herein,

Transfer Dept. - Jonelle,

Per your instructions I am re-sending the two T-1's we spoke about on the phone. You were going to verify the operator's signature with the license and contact him if you had questions. I have attached the coversheet that I wrote notes on from our call if this helps. Thanks for your help with this.

If you should have any questions or are missing documents, please contact me.

Thanks,
