MEMORANDUM

TO: Amy Banks
FROM: John McCannon *JMc*
SUBJECT: Pioneer National Resources USA, Inc.

In 1997, Pioneer merged with Mesa and kept the Pioneer name. At that time, Pioneer was issued a new Operator's License No.32193 and transferred all the Mesa wells to this license. At the same time, Pioneer furnished the merger certificate and we changed the name on the Mesa License No.4824, to Pioneer. For a couple of years, both licenses were in effect. We talked with Pioneer and decided they did not need two licenses. As a result, License No.32193 was not renewed in 1998, and License No.4824 continued as Pioneer's number.

Unfortunately, our records now show all of Pioneer's wells under License No. 32193, which has expired. Since we know what happened in this matter, it would be my preference that we just go ahead and transfer Pioneer's wells from License No.32193 to License No.4824 without making Pioneer file transfer forms. Under the circumstances, I believe doing this is acceptable.
