Hi Pam,		

2. For the ONE Gas, Abilene (Burns and McDonnell) set, the following statement was on the survey:

"The Kansas State Plane coordinates are on NAD83 datum, north zone, expressed in feet. The elevations are on NAVD 88 datum, Geoid 12B, established by OPUS GPS observations on site."

I took the state plane coordinates and entered them into EarthPoint selecting Zone 1501 and International Feet options to get the GPS coordinates.
