FROM TO LITHOLOGIC LOG FROM TO PLUGGING INTERVALS		This is not an abandoned well. It is a former open suspect well; covered with a re-inforced concrete cover; that did not withstand 13-14 year old jumping up & down on it. New steel cover cost \$177.01. It is an asset, not a liability; when property is sold; to be used to water a garden or whatever. At 4 AM Feb 14th 1991, I completed installing a 36" x 4 1/2" x 3/8" steel plate, secured with bolts to the 6' x 6' concrete cover over this well opening, as approved by the City Building Inspector. <u>Olivia Wilson</u>
