WELL WAS USED AS:																																								
1 Domestic                      5 Public Water Supply                      9 Dewatering																																								
2 Irrigation                      6 Oil Field Water Supply                      10 Monitoring Well																																								
3 Feedlot                      7 Lawn and Garden (domestic)                      11 Injection Well																																								
4 Industrial                      8 Air Conditioning                      12 Other																																								
Was a chemical/bacteriological sample submitted to Department? Yes _____ No <b>X</b>																																								
If yes, mo/day/yr sample was submitted _____																																								
Water Well Disinfected: Yes _____ No <b>X</b>																																								
<b>5</b> TYPE OF BLANK CASING USED:																																								
1 Steel                      3 RMP (SR)                      5 Wrought                      7 Fiberglass                      9 Other (specify below)																																								
2 PVC                      4 ABC                      6 Asbestos-Cement                      8 Concrete Tile																																								
Blank casing diameter <b>2.375</b> in. Was casing pulled? Yes <b>X</b> No _____ If yes, how much? <b>12.0'</b>																																								
Casing height above or below land surface <b>Unknown</b> in. <b>Well overdrilled to 12.0'</b>																																								
<b>6</b> GROUT PLUG MATERIAL: 1 Neat cement    2 Cement grout    3 Bentonite    4 Other <b>Soils/Gravel</b>																																								
Grout Plug Intervals From <b>12.0</b> ft. to <b>1.0</b> ft. From <b>1.0</b> ft. to <b>0.0</b> ft. From _____ ft. to _____ ft.																																								
What is the nearest source of possible contamination:																																								
1 Septic tank                      6 Seepage pit                      11 Fuel storage                      16 Other (specify below)																																								
2 Sewer lines                      7 Pit privy                      12 Fertilizer storage																																								
3 Watertight sewer lines                      8 Sewage lagoon                      13 Insecticide storage																																								
4 Lateral lines                      9 Feedyard                      14 Abandoned water well																																								
5 Cess Pool                      10 Livestock pens                      15 Oil well/ Gas well																																								
Direction from well? <b>Southwest</b> How many feet? <b>70</b>
