These wells were drilled as test wells for the development of the land for the housing of about 21 homes. It was my understanding that if the wells were put into use that Bledsoe Drilling Co. would finish the wells. I informed Mr. Clymer that a permit for public water would have to be obtained from the State and that if he didn't put the wells into use that they would have to be plugged. Mr. Clymer was informed of this by myself, before the wells were drilled, and he stated that all permits had been taken care of and that he understood all that had to be done.					12.
