RE: Crop Service Center, Beverly (Shepard Engineering)

Dear Ms. Chaffee:

Enclosed is a water well plugging record (Form WWC-5P) for MW6 at the above-referenced site. Since the original WWC-5 has fractions that did not correspond with the GPS coordinates according to the KDHE Section Township Range Finder and the well number does not match exactly, I am also sending a copy of that WWC-5 so that the KGS will be able to match the WWC-5P with the WWC-5.

Please contact me if you have any questions about this form.

Sincerely,

GeoCore, LLC
