Subject: Plugging of an abandoned well casing

To Whom It May Concern:

August 1, 2006

We found an old abandoned well casing near 722 Brookside in the City of Hutchinson. The well casing was 24" diameter and made of concrete. It was thought to be an old well used by KP&L when they owned the property years ago. The City acquired easement to install a new storm water line in the area when we discovered the well had not been properly plugged. The City Water Department plugged it according to standards.

Thanks,
CITY OF HUTCHINSON

Jim Brummer, Water & Sewer Supt.

CC: Equus Beds Groundwater Management District # 2
