

WATER WELL RECORD

Form WWC-5

Division of Water Resources; App. No.

1 LOCATION OF WATER WELL:		Fraction		Section Number	Township Number	Range Number																																																																		
County: Finney		SE ¼ SE ¼ SE ¼		7	T 24 S	R 32 W																																																																		
Distance and direction from nearest town or city street address of well if located within city? 407 E. Kansas Ave, Garden City, KS				Global Positioning System (decimal degrees, min. of 4 digits)																																																																				
2 WATER WELL OWNER: Rupp's Tire Service RR#, St. Address, Box # : 407 E. Kansas Ave. City, State, ZIP Code : Garden City, KS 67846				Latitude: N 37.97538°																																																																				
				Longitude: W 100.86659°																																																																				
				Elevation: 2835.05 rim/ 2834.64 toc																																																																				
				Datum: above mean sea level																																																																				
3 LOCATE WELL'S LOCATION WITH AN "X" IN SECTION BOX:				4 DEPTH OF COMPLETED WELL 41 ft.																																																																				
				MW6																																																																				
<div style="text-align: center;"> </div>				Depth(s) Groundwater Encountered 1 _____ ft. 2 _____ ft. 3 _____ ft.																																																																				
				WELL'S STATIC WATER LEVEL 30.30 ft. below land surface measured on mo/day/yr 10/4/07																																																																				
				Pump test data: Well water was _____ ft. after _____ hours pumping _____ gpm																																																																				
				Est. Yield _____ gpm: Well water was _____ ft. after _____ hours pumping _____ gpm																																																																				
				WELL WATER TO BE USED AS: 5 Public water supply 8 Air conditioning 11 Injection well																																																																				
				1 Domestic 3 Feed lot 6 Oil field water supply 9 Dewatering 12 Other (Specify below)																																																																				
				2 Irrigation 4 Industrial 7 Domestic (lawn & garden) 10 Monitoring well																																																																				
				Was a chemical/bacteriological sample submitted to Department? Yes _____ No X ; If yes, mo/day/yr																																																																				
				Sample was submitted _____ Water Well Disinfected? Yes _____ No X																																																																				
				5 TYPE OF CASING USED:																																																																				
1 Steel		3 RMP (SR)		6 Asbestos-Cement		8 Concrete tile																																																																		
2 PVC		4 ABS		7 Fiberglass		CASING JOINTS: Glued _____ Clamped _____																																																																		
						Welded _____																																																																		
						Threaded X																																																																		
Blank casing diameter 2 in. to 21 ft., Dia _____ in. to _____ ft., Dia _____ in. to _____ ft.																																																																								
Casing height below land surface 0.41 ft., Weight _____ lbs./ft. Wall thickness or gauge No. _____																																																																								
TYPE OF SCREEN OR PERFORATION MATERIAL:																																																																								
1 Steel		3 Stainless steel		5 Fiberglass		7 PVC																																																																		
2 Brass		4 Galvanized steel		6 Concrete tile		8 RM (SR)																																																																		
						9 ABS																																																																		
						10 Asbestos-Cement																																																																		
						11 Other (specify) _____																																																																		
SCREEN OR PERFORATION OPENINGS ARE:																																																																								
1 Continuous slot		3 Mill slot		5 Guaze wrapped		7 Torch cut																																																																		
2 Louvered shutter		4 Key punched		6 Wire wrapped		8 Saw Cut																																																																		
						9 Drilled holes																																																																		
						11 None (open hole)																																																																		
SCREEN-PERFORATED INTERVALS:																																																																								
From 21 ft. to 41 ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																		
From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																		
GRAVEL PACK INTERVALS:																																																																								
From 20 ft. to 41 ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																		
From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																		
6 GROUT MATERIAL:																																																																								
1 Neat cement		2 Cement grout		3 Bentonite		4 Other cement, 0-2 ft																																																																		
Grout Intervals From 2 ft. to 20 ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																		
What is the nearest source of possible contamination:																																																																								
1 Septic tank		4 Lateral lines		7 Pit privy		10 Livestock pens																																																																		
2 Sewer lines		5 Cess pool		8 Sewage lagoon		11 Fuel storage																																																																		
3 Watertight sewer lines		6 Seepage pit		9 Feedyard		12 Fertilizer storage																																																																		
						13 Insecticide Storage																																																																		
						14 Abandoned water well																																																																		
						15 Oil well/ gas well																																																																		
						16 Other (specify below) _____																																																																		
Direction from well? West				How many feet? ~100 ft																																																																				
<table border="1" style="width:100%; border-collapse: collapse;"> <thead> <tr> <th>FROM</th> <th>TO</th> <th>LITHOLOGIC LOG</th> <th>FROM</th> <th>TO</th> <th>PLUGGING INTERVALS</th> </tr> </thead> <tbody> <tr> <td>0</td> <td>1</td> <td>Asphalt</td> <td>28</td> <td>30</td> <td>Sand with pebbles, coarse, brown, moist,</td> </tr> <tr> <td>3</td> <td>5</td> <td>Silty with clay underlain by coarse sand</td> <td></td> <td></td> <td>petroleum odor</td> </tr> <tr> <td></td> <td></td> <td>brown, dry, no odor</td> <td>33</td> <td>35</td> <td>No recovery, wet</td> </tr> <tr> <td>8</td> <td>10</td> <td>Sand with pebbles, medium to coarse</td> <td></td> <td></td> <td></td> </tr> <tr> <td></td> <td></td> <td>grained, brown, abundant Fe staining,</td> <td></td> <td></td> <td></td> </tr> <tr> <td></td> <td></td> <td>dry, no odor</td> <td></td> <td></td> <td></td> </tr> <tr> <td>13</td> <td>15</td> <td>Sand with pebbles, coarse, brown, dry</td> <td></td> <td></td> <td></td> </tr> <tr> <td></td> <td></td> <td>no odor</td> <td></td> <td></td> <td></td> </tr> <tr> <td>23</td> <td>25</td> <td>Sand with pebbles, coarse, brown, moist,</td> <td></td> <td></td> <td>Flushmount waiver from BOW</td> </tr> <tr> <td></td> <td></td> <td>petroleum odor</td> <td></td> <td></td> <td></td> </tr> </tbody> </table>							FROM	TO	LITHOLOGIC LOG	FROM	TO	PLUGGING INTERVALS	0	1	Asphalt	28	30	Sand with pebbles, coarse, brown, moist,	3	5	Silty with clay underlain by coarse sand			petroleum odor			brown, dry, no odor	33	35	No recovery, wet	8	10	Sand with pebbles, medium to coarse						grained, brown, abundant Fe staining,						dry, no odor				13	15	Sand with pebbles, coarse, brown, dry						no odor				23	25	Sand with pebbles, coarse, brown, moist,			Flushmount waiver from BOW			petroleum odor			
FROM	TO	LITHOLOGIC LOG	FROM	TO	PLUGGING INTERVALS																																																																			
0	1	Asphalt	28	30	Sand with pebbles, coarse, brown, moist,																																																																			
3	5	Silty with clay underlain by coarse sand			petroleum odor																																																																			
		brown, dry, no odor	33	35	No recovery, wet																																																																			
8	10	Sand with pebbles, medium to coarse																																																																						
		grained, brown, abundant Fe staining,																																																																						
		dry, no odor																																																																						
13	15	Sand with pebbles, coarse, brown, dry																																																																						
		no odor																																																																						
23	25	Sand with pebbles, coarse, brown, moist,			Flushmount waiver from BOW																																																																			
		petroleum odor																																																																						
7 CONTRACTOR'S OR LANDOWNER'S CERTIFICATION: This water well was 1 constructed, 2 reconstructed, or 3 plugged under my jurisdiction and was completed on (mo/day/year) 10/4/07 and this record is true to the best of my knowledge and belief.																																																																								
Kansas Water Well Contractor's License No. 757 . This Water Well Record was completed on (mo/day/year) 11/1/07 under the business name of Larsen & Associates, Inc. by (signature) _____																																																																								
INSTRUCTIONS: Please fill in blanks or circle the correct answers. Send top three copies to Kansas Department of Health and Environment, Bureau of Water, Geology Section, 1000 SW Jackson St., Suite 420, Topeka, Kansas 66612-1367. Telephone 785-296-5522. Send one to WATER WELL OWNER and retain one for your records. Fee of \$5.00 for each constructed well. Visit us at http://www.kdheks.gov/waterwell .
