**ASSIGNMENT OF WATER WELL TO LANDOWNER*
FORM WWC-7**

I, Thomas E. Garner of 305 E. 7th Ave
(Landowner) (Landowner address)

St. John, Kansas am the landowner on which a water well is located in the
(City) (State)
SW NW NE 1/4, 1/4, 1/4, Section 8, Township 25 S, Range 13 E/W, in
Stafford County, Kansas, and approximately 1260 feet N/S, and 2580 feet E/W
of the apparent NE section corner. The water well was drilled in April 2021 (month/year).

I hereby request that Thomas Garner/Sterling Drilling Co leave the water well,
(Well operator/owner name)

which was drilled under Temporary/Term Water Permit # 20210064, unplugged, and I will assume all responsibility for properly maintaining said water well in accordance with the requirements of KDHE regulations in K.A.R. 28-30-6 to 28-30-10, including requesting and maintaining said well in inactive status and proper plugging when it is abandoned, in accordance with regulations in K.A.R. 28-30-7.

*Where the owner of a water well is not the landowner, KDHE regulations in Article 30 [K.A.R. 28-30-7(e)] allow responsibility for the well to be conveyed to the landowner in lieu of abandoning and plugging the well, but the well must conform to the requirements for active or inactive status. The transfer must be made through a legal document, approved by KDHE, advising the landowner of their responsibilities and obligations to properly maintain the well, including the proper plugging of the well when it is abandoned.

Landowners may obtain KDHE's written approval to maintain the well in an inactive status, in accordance with K.A.R. 28-30-7(f), rather than plugging it if the landowner can present evidence as to the well's condition and the landowner's intentions to use the well in the future.

A request for inactive water well status must be submitted to KDHE by completing Form WWC-6 in accordance with Procedure WWP-4. KDHE Water Well Program statutes, regulations, forms, and procedures are available at:
