

Form WWC-5

Division of Water Resources; App. No.

1 LOCATION OF WATER WELL:		Fraction	Section Number		Township Number	Range Number																																																																									
County: Sedgwick		ne ¼ sw ¼ sw ¼	32		T 26s S R 1w E/W																																																																										
Distance and direction from nearest town or city street address of well if located within city? 9942 w Westlakes Parkway			Global Positioning System (decimal degrees, min. of 4 digits) Latitude: _____ Longitude: _____ Elevation: _____ Datum: _____ Data Collection Method: _____																																																																												
2 WATER WELL OWNER: Mrs. Quandt RR#, St. Address, Box # : 9942 W Westlakes Parkway City, State, ZIP Code : Wichita, Ks 67235																																																																															
3 LOCATE WELL'S LOCATION WITH AN "X" IN SECTION BOX:		4 DEPTH OF COMPLETED WELL 60 ft.																																																																													
		Depth(s) Groundwater Encountered 1 _____ ft. 2 _____ ft. 3 _____ ft.																																																																													
		WELL'S STATIC WATER LEVEL 21 ft. below land surface measured on mo/day/yr																																																																													
		Pump test data: Well water was _____ ft. after _____ hours pumping _____ gpm Est. Yield 30 gpm: Well water was _____ ft. after _____ hours pumping _____ gpm																																																																													
		WELL WATER TO BE USED AS: 5 Public water supply 8 Air conditioning 11 Injection well 1 Domestic 3 Feed lot 6 Oil field water supply 9 Dewatering 12 Other (Specify below) 2 Irrigation 4 Industrial 7 Domestic (lawn & garden) 10 Monitoring well																																																																													
Was a chemical/bacteriological sample submitted to Department? Yes _____ No x ; If yes, mo/day/yrs Sample was submitted _____ Water Well Disinfected? Yes x No _____																																																																															
5 TYPE OF CASING USED:		5 Wrought Iron		8 Concrete tile		CASING JOINTS: Glued x Clamped																																																																									
1 Steel 3 RMP (SR)		6 Asbestos-Cement		9 Other (specify below)		Welded																																																																									
2 PVC 4 ABS		7 Fiberglass				Threaded																																																																									
Blank casing diameter 5 in. to 50 ft., Dia																																																																															
Casing height above land surface 12 in., Weight 2.40 lbs./ft.				Wall thickness or gauge No. 160psi																																																																											
TYPE OF SCREEN OR PERFORATION MATERIAL:																																																																															
1 Steel 3 Stainless steel 5 Fiberglass 7 PVC 9 ABS 11 Other (specify)																																																																															
2 Brass 4 Galvanized steel 6 Concrete tile 8 RM (SR) 10 Asbestos-Cement 12 None used (open hole)																																																																															
SCREEN OR PERFORATION OPENINGS ARE:																																																																															
1 Continuous slot 3 Mill slot 5 Gauge wrapped 7 Torch cut 9 Drilled holes 11 None (open hole)																																																																															
2 Louvered shutter 4 Key punched 6 Wire wrapped 8 Saw Cut 10 Other (specify)																																																																															
SCREEN-PERFORATED INTERVALS:																																																																															
From 50 ft. to 60 ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																									
GRAVEL PACK INTERVALS:		From 21 ft. to 60 ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																									
From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																									
6 GROUT MATERIAL: 1 Neat cement 2 Cement grout 3 Bentonite 4 Other																																																																															
Grout Intervals From 3 ft. to 20 ft. From _____ ft. to _____ ft. From _____ ft. to _____ ft.																																																																															
What is the nearest source of possible contamination:																																																																															
1 Septic tank 4 Lateral lines 7 Pit privy 10 Livestock pens 13 Insecticide Storage 16 Other (specify below)																																																																															
2 Sewer lines 5 Cess pool 8 Sewage lagoon 11 Fuel storage 14 Abandoned water well																																																																															
3 Watertight sewer lines 6 Seepage pit 9 Feedyard 12 Fertilizer storage 15 Oil well/ gas well																																																																															
Direction from well? North How many feet? 13ft
