

Form WWC-5

Division of Water Resources; App. No.

1 LOCATION OF WATER WELL:		Fraction	Section Number	Township Number	Range Number																																																																																				
County: Sedgwick		se ¼ nw ¼ sw ¼	21	T 26s S	R 1w E/W																																																																																				
Distance and direction from nearest town or city street address of well if located within city? 4850 Emerald Ct			Global Positioning System (decimal degrees, min. of 4 digits) Latitude: _____ Longitude: _____ Elevation: _____ Datum: _____ Data Collection Method: _____																																																																																						
2 WATER WELL OWNER: Mesa Homes RR#, St. Address, Box # : 3705 N Maize Rd City, State, ZIP Code : Wichita, Ks 67205																																																																																									
3 LOCATE WELL'S LOCATION WITH AN "X" IN SECTION BOX:		4 DEPTH OF COMPLETED WELL 30 ft.																																																																																							
		Depth(s) Groundwater Encountered 1 _____ ft. 2 _____ ft. 3 _____ ft. WELL'S STATIC WATER LEVEL 15 ft. below land surface measured on mo/day/yr Pump test data: Well water was _____ ft. after _____ hours pumping _____ gpm Est. Yield 25 gpm: Well water was _____ ft. after _____ hours pumping _____ gpm WELL WATER TO BE USED AS: 5 Public water supply 8 Air conditioning 11 Injection well 1 Domestic 3 Feed lot 6 Oil field water supply 9 Dewatering 12 Other (Specify below) 2 Irrigation 4 Industrial (7) Domestic (lawn & garden) 10 Monitoring well																																																																																							
Was a chemical/bacteriological sample submitted to Department? Yes _____ No x ; If yes, mo/day/hrs Sample was submitted _____ Water Well Disinfected? Yes x No _____																																																																																									
5 TYPE OF CASING USED:																																																																																									
1 Steel 3 RMP (SR) 6 Asbestos-Cement		5 Wrought Iron 8 Concrete tile		CASING JOINTS: Glued x Clamped																																																																																					
(2) PVC 4 ABS 7 Fiberglass		9 Other (specify below)		Welded																																																																																					
				Threaded																																																																																					
Blank casing diameter 5 in. to 22 ft., Dia _____ in. to _____ ft., Dia _____ in. to _____ ft.																																																																																									
Casing height above land surface 12 in., Weight 2.40 lbs./ft. Wall thickness or gauge No. 160psi																																																																																									
TYPE OF SCREEN OR PERFORATION MATERIAL:																																																																																									
1 Steel 3 Stainless steel 5 Fiberglass (7) PVC		9 ABS 11 Other (specify)																																																																																							
2 Brass 4 Galvanized steel 6 Concrete tile 8 RM (SR)		10 Asbestos-Cement 12 None used (open hole)																																																																																							
SCREEN OR PERFORATION OPENINGS ARE:																																																																																									
1 Continuous slot (3) Mill slot 5 Gauge wrapped 7 Torch cut 9 Drilled holes 11 None (open hole)		8 Saw Cut 10 Other (specify)																																																																																							
2 Louvered shutter 4 Key punched 6 Wire wrapped																																																																																									
SCREEN-PERFORATED INTERVALS:																																																																																									
From 22 ft. to 30 ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																																					
GRAVEL PACK INTERVALS:		From 20 ft. to 30 ft.		From _____ ft. to _____ ft.																																																																																					
From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																																					
6 GROUT MATERIAL: 1 Neat cement 2 Cement grout (3) Bentonite 4 Other _____																																																																																									
Grout Intervals From 3 ft. to 20 ft. From _____ ft. to _____ ft. From _____ ft. to _____ ft.																																																																																									
What is the nearest source of possible contamination:																																																																																									
1 Septic tank 4 Lateral lines 7 Pit privy 10 Livestock pens 13 Insecticide Storage 16 Other (specify below)		2 Sewer lines 5 Cess pool 8 Sewage lagoon 11 Fuel storage 14 Abandoned water well		3 Watertight sewer lines 6 Seepage pit 9 Feedyard 12 Fertilizer storage 15 Oil well/ gas well																																																																																					
Direction from well? West How many feet? 15
