

Form WWC-5

Division of Water Resources; App. No.

1 LOCATION OF WATER WELL:		Fraction	Section Number	Township Number	Range Number																																																																														
County: Sedgwick	nw ¼ ne ¼ nw ¼	14	T 27s S	R 1w E/W																																																																															
Distance and direction from nearest town or city street address of well if located within city? 1304 N Clara			Global Positioning System (decimal degrees, min. of 4 digits) Latitude: _____ Longitude: _____ Elevation: _____ Datum: _____ Data Collection Method: _____																																																																																
2 WATER WELL OWNER: Jonathan White RR#, St. Address, Box # : 1304 N Clara City, State, ZIP Code : Wichita, Ks																																																																																			
3 LOCATE WELL'S LOCATION WITH AN "X" IN SECTION BOX:		4 DEPTH OF COMPLETED WELL 34 ft.																																																																																	
		Depth(s) Groundwater Encountered 1 _____ ft. 2 _____ ft. 3 _____ ft.																																																																																	
		WELL'S STATIC WATER LEVEL 15 ft. below land surface measured on mo/day/yr Pump test data: Well water was _____ ft. after _____ hours pumping _____ gpm Est. Yield 20 gpm: Well water was _____ ft. after _____ hours pumping _____ gpm																																																																																	
		WELL WATER TO BE USED AS: 5 Public water supply 8 Air conditioning 11 Injection well 1 Domestic 3 Feed lot 6 Oil field water supply 9 Dewatering 12 Other (Specify below) 2 Irrigation 4 Industrial (7) Domestic (lawn & garden) 10 Monitoring well																																																																																	
Was a chemical/bacteriological sample submitted to Department? Yes _____ No x ; If yes, mo/day/yr Sample was submitted _____ Water Well Disinfected? Yes x No _____																																																																																			
5 TYPE OF CASING USED:																																																																																			
1 Steel 3 RMP (SR) 6 Asbestos-Cement 9 Other (specify below)		CASING JOINTS: Glued x Clamped _____ Welded _____ Threaded _____																																																																																	
(2) PVC 4 ABS 7 Fiberglass																																																																																			
Blank casing diameter 5 in. to 24 ft., Dia _____ in. to _____ ft., Dia _____ in. to _____ ft. Casing height above land surface 12 in., Weight 2.40 lbs./ft. Wall thickness or gauge No. 160psi																																																																																			
TYPE OF SCREEN OR PERFORATION MATERIAL:																																																																																			
1 Steel 3 Stainless steel 5 Fiberglass (7) PVC 9 ABS 11 Other (specify) _____ 2 Brass 4 Galvanized steel 6 Concrete tile 8 RM (SR) 10 Asbestos-Cement 12 None used (open hole)																																																																																			
SCREEN OR PERFORATION OPENINGS ARE:																																																																																			
1 Continuous slot (3) Mill slot 5 Guaze wrapped 7 Torch cut 9 Drilled holes 11 None (open hole) 2 Louvered shutter 4 Key punched 6 Wire wrapped 8 Saw Cut 10 Other (specify) _____																																																																																			
SCREEN-PERFORATED INTERVALS:																																																																																			
From 24 ft. to 34 ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																															
GRAVEL PACK INTERVALS:		From 20 ft. to 34 ft.		From _____ ft. to _____ ft.																																																																															
From _____ ft. to _____ ft.		From _____ ft. to _____ ft.		From _____ ft. to _____ ft.																																																																															
6 GROUT MATERIAL:																																																																																			
1 Neat cement 2 Cement grout (3) Bentonite 4 Other _____																																																																																			
Grout Intervals From 3 ft. to 20 ft. From _____ ft. to _____ ft. From _____ ft. to _____ ft.																																																																																			
What is the nearest source of possible contamination: 1 Septic tank 4 Lateral lines 7 Pit privy 10 Livestock pens 13 Insecticide Storage 16 Other (specify below) 2 Sewer lines 5 Cess pool 8 Sewage lagoon 11 Fuel storage 14 Abandoned water well (3) Watertight sewer lines 6 Seepage pit 9 Feedyard 12 Fertilizer storage 15 Oil well/ gas well																																																																																			
Direction from well? South How many feet? 19
