Re: WWC-5 (Reconstructed) Forms for a Site in Wichita, KS

Dear KDHE:

Enclosed are copies of the WWC-5 Forms for two monitoring wells recently reconstructed. The two wells were installed by KDHE in the past and there are no construction details. The two wells (KMW 11S and KMW 11D) were installed with abovegrade completions. Due to the expansion of the company and its parking lot, the abovegrade completions were removed and flushmount vaults were installed to allow vehicular traffic. If you have any questions, please give us or Doug Lane with APTIM (316-220-8038).

If you should need anything else, please call me at (913) 441-1088.

Sincerely,

with ridy
