

## WATER WELL RECORD

## Form WWC-5

Division of Water Resources App. No. **MW-2**

<b>1 LOCATION OF WATER WELL:</b>		Fraction		Section Number		Township Number		Range Number																																																													
County: <b>Gray</b>		SW ¼ NW ¼ SE ¼ NW ¼		<b>8</b>		T <b>29</b> S		R <b>30</b> E <input type="checkbox"/> W <input checked="" type="checkbox"/>																																																													
Street/Rural Address of Well Location; if unknown, distance & direction from nearest town or intersection: If at owner's address, check here <input type="checkbox"/> .				<b>Global Positioning System (GPS) information:</b>																																																																	
<b>100 Sante Fe, Copeland, Kansas</b>				Latitude: _____ (in decimal degrees)																																																																	
				Longitude: _____ (in decimal degrees)																																																																	
				Elevation: _____																																																																	
				Datum: <input type="checkbox"/> WGS 84, <input type="checkbox"/> NAD 83, <input type="checkbox"/> NAD 27																																																																	
<b>2 WATER WELL OWNER: KDHE T &amp; M</b>				<b>Collection Method:</b>																																																																	
RR#, St. Address, Box # : 1000 SW Jackson				<input type="checkbox"/> GPS unit (Make/Model: _____)																																																																	
City, State, ZIP Code : Topeka, KS				<input type="checkbox"/> Digital Map/Photo, <input type="checkbox"/> Topographic Map, <input type="checkbox"/> Land Survey																																																																	
				Est. Accuracy: <input type="checkbox"/> <3 m, <input type="checkbox"/> 3-5 m, <input type="checkbox"/> 5-15 m, <input type="checkbox"/> >15 m																																																																	
<b>3 LOCATE WELL WITH AN "X" IN SECTION BOX:</b>		<b>4 DEPTH OF COMPLETED WELL</b> <u>260</u> ft.																																																																			
		Depth(s) Groundwater Encountered (1) _____ ft. (2) _____ ft. (3) _____ ft.																																																																			
		WELL'S STATIC WATER LEVEL <u>NA</u> ft. below land surface measured on mo/day/yr _____																																																																			
		Pump test data: Well water was _____ ft. after _____ hours pumping _____ gpm																																																																			
		EST. YIELD _____ gpm: Well water was _____ ft. after _____ hours pumping _____ gpm																																																																			
		WELL WATER TO BE USED AS: <input type="checkbox"/> Public water supply <input type="checkbox"/> Geothermal <input type="checkbox"/> Injection well																																																																			
		<input type="checkbox"/> Domestic <input type="checkbox"/> Feedlot <input type="checkbox"/> Oil field water supply <input type="checkbox"/> Dewatering <input type="checkbox"/> Other (Specify below)																																																																			
		<input type="checkbox"/> Irrigation <input type="checkbox"/> Industrial <input type="checkbox"/> Domestic-lawn & garden <input checked="" type="checkbox"/> Monitoring well																																																																			
		Was a chemical/bacteriological sample submitted to Department? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No																																																																			
		If yes, mo/day/yr sample was submitted _____																																																																			
		Water Well Disinfected? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No																																																																			
<b>5 TYPE OF CASING USED:</b> <input type="checkbox"/> Steel <input checked="" type="checkbox"/> PVC <input type="checkbox"/> Other _____																																																																					
CASING JOINTS: <input type="checkbox"/> Glued <input type="checkbox"/> Clamped <input type="checkbox"/> Welded <input type="checkbox"/> Threaded																																																																					
Casing diameter <u>4</u> in. to <u>210</u> ft., Diameter _____ in. to _____ ft., Diameter _____ in. to _____ ft.																																																																					
Casing height above land surface <u>0</u> in., Weight <u>2.07</u> lbs./ft. Wall thickness or gauge No. <u>.237</u>																																																																					
TYPE OF SCREEN OR PERFORATION MATERIAL:																																																																					
<input type="checkbox"/> Steel <input type="checkbox"/> Stainless Steel <input checked="" type="checkbox"/> PVC <input type="checkbox"/> Other (Specify) _____																																																																					
<input type="checkbox"/> Brass <input type="checkbox"/> Galvanized Steel <input type="checkbox"/> None used (open hole)																																																																					
SCREEN OR PERFORATION OPENINGS ARE:																																																																					
<input type="checkbox"/> Continuous Slot <input type="checkbox"/> Mill slot <input type="checkbox"/> Gauze wrapped <input type="checkbox"/> Torch cut <input type="checkbox"/> Drilled holes <input type="checkbox"/> None (open hole)																																																																					
<input type="checkbox"/> Louvered shutter <input type="checkbox"/> Key punched <input type="checkbox"/> Wire wrapped <input checked="" type="checkbox"/> Saw cut <input type="checkbox"/> Other (specify) _____																																																																					
SCREEN-PERFORATED INTERVALS:																																																																					
From <u>210</u> ft. to <u>260</u> ft., From _____ ft. to _____ ft.																																																																					
From _____ ft. to _____ ft., From _____ ft. to _____ ft.																																																																					
GRAVEL PACK INTERVALS:																																																																					
From <u>205</u> ft. to <u>260</u> ft., From _____ ft. to _____ ft.																																																																					
From _____ ft. to _____ ft., From _____ ft. to _____ ft.																																																																					
<b>6 GROUT MATERIAL:</b> <input type="checkbox"/> Neat cement <input checked="" type="checkbox"/> Cement grout <input checked="" type="checkbox"/> Bentonite <input type="checkbox"/> Other _____																																																																					
Grout Intervals From <u>0</u> ft. to <u>2</u> ft. From <u>2</u> ft. to <u>205</u> ft. From _____ ft. to _____ ft.																																																																					
What is the nearest source of possible contamination:																																																																					
<input type="checkbox"/> Septic tank <input type="checkbox"/> Lateral lines <input type="checkbox"/> Pit privy <input type="checkbox"/> Livestock pens <input type="checkbox"/> Insecticide storage <input type="checkbox"/> Other (specify below)																																																																					
<input type="checkbox"/> Sewer lines <input type="checkbox"/> Cesspool <input type="checkbox"/> Sewage lagoon <input type="checkbox"/> Fuel storage <input type="checkbox"/> Abandoned water well																																																																					
<input type="checkbox"/> Watertight sewer lines <input type="checkbox"/> Seepage pit <input type="checkbox"/> Feedyard <input type="checkbox"/> Fertilizer storage <input type="checkbox"/> Oil well/gas well <b>Contaminated site</b>																																																																					
Direction from well _____ Distance from well _____
