RE: Request for Closure – Final Notice of Closure/Well Abandonment Summary  
Conway Springs Remediation Site (C2-096-03004)  
Conway Springs, Kansas

Dear Mr. Bosmeijer:

In response to your May 2, 2016 letter regarding the March 2016 Request for Site Closure and subsequent Response to Comments for the Conway Springs Remediation Site (Site), El Paso Merchant Energy-Petroleum Company (EPME-PC) submits this letter documenting the abandonment of monitoring wells MW-1, MW-13, MW-15, MW-21, and an untended 5-inch well for the Site located near Conway Springs, Kansas. On June 14, 2016, MWH Americas, Inc. (MWH) field personnel abandoned the wells under the supervision of a Kansas licensed geologist. Documentation of the well abandonment activities is included on the attached WWC-5P plugging record forms. Copies of the WWC-5P forms have also been submitted to the KDHE Geology Section under this cover letter.

With completion of these requirements, EPME-PC respectfully requests final notice of closure from KDHE. Please feel free to contact me at 719-520-4406 with any questions or concerns you may have.

Sincerely,

Jen Hurley, P.G.
