

1 LOCATION OF WATER WELL:		Fraction		Section Number		Township Number		Range Number																																											
County: Stevens		SW 1/4 SW 1/4 NW 1/4		7		T 35 S		R 37 E																																											
Distance and direction from nearest town or city street address of well if located within city? From Liberal go West on 2nd Street Road to Hugoton Jct. go 2 mi on West 1 1/2 mi South and East into location																																																			
2 WATER WELL OWNER: Gerald Elliott Mobil Oil Corp.																																																			
RR#, St. Address, Box # : 609 Trimble Board of Agriculture, Division of Water Resources																																																			
City, State, ZIP Code : Hugoton, Kansas 67951 Application Number: T 86-382																																																			
3 LOCATE WELL'S LOCATION WITH AN "X" IN SECTION BOX:		4 DEPTH OF COMPLETED WELL... 320... ft. ELEVATION:																																																	
		Depth(s) Groundwater Encountered 1... 175... ft. 2... ft. 3... ft.																																																	
		WELL'S STATIC WATER LEVEL .. 145... ft. below land surface measured on mo/day/yr 11/29/86																																																	
		Pump test data: Well water was ... ft. after ... hours pumping ... gpm																																																	
		Est. Yield ... gpm: Well water was ... ft. after ... hours pumping ... gpm																																																	
		Bore Hole Diameter... 11... in. to ... 320... ft., and ... in. to ... ft.																																																	
		WELL WATER TO BE USED AS: 5 Public water supply 8 Air conditioning 11 Injection well																																																	
		1 Domestic 3 Feedlot 6 Oil field water supply 9 Dewatering 12 Other (Specify below)																																																	
		2 Irrigation 4 Industrial 7 Lawn and garden only 10 Observation well																																																	
		Was a chemical/bacteriological sample submitted to Department? Yes.....No.....; If yes, mo/day/yr sample was submitted																																																	
		Water Well Disinfected? Yes No																																																	
5 TYPE OF BLANK CASING USED:																																																			
1 Steel 3 RMP (SR) 5 Wrought iron 8 Concrete tile CASING JOINTS: Glued ... Clamped ...																																																			
2 PVC 4 ABS 6 Asbestos-Cement 9 Other (specify below) Welded ...																																																			
7 Fiberglass Threaded ...																																																			
Blank casing diameter ... in. to ... ft., Dia ... in. to ... ft., Dia ... in. to ... ft.																																																			
Casing height above land surface ... in., weight ... lbs./ft. Wall thickness or gauge No. ...																																																			
TYPE OF SCREEN OR PERFORATION MATERIAL:																																																			
1 Steel 3 Stainless steel 5 Fiberglass 7 PVC 10 Asbestos-cement																																																			
2 Brass 4 Galvanized steel 6 Concrete tile 8 RMP (SR) 11 Other (specify) ...																																																			
12 None used (open hole)																																																			
SCREEN OR PERFORATION OPENINGS ARE:																																																			
1 Continuous slot 3 Mill slot 5 Gauzed wrapped 8 Saw cut 11 None (open hole)																																																			
2 Louvered shutter 4 Key punched 6 Wire wrapped 9 Drilled holes																																																			
7 Torch cut 10 Other (specify) ...																																																			
SCREEN-PERFORATED INTERVALS: From ... ft. to ... ft., From ... ft. to ... ft.																																																			
From ... ft. to ... ft., From ... ft. to ... ft.																																																			
GRAVEL PACK INTERVALS: From ... ft. to ... ft., From ... ft. to ... ft.																																																			
From ... ft. to ... ft., From ... ft. to ... ft.																																																			
6 GROUT MATERIAL: 1 Neat cement 2 Cement grout 3 Bentonite 4 Other ...																																																			
Grout intervals: From ... ft. to ... ft., From ... ft. to ... ft., From ... ft. to ... ft.																																																			
What is the nearest source of possible contamination:																																																			
1 Septic tank 4 Lateral lines 7 Pit privy 10 Livestock pens 14 Abandoned water well																																																			
2 Sewer lines 5 Cess pool 8 Sewage lagoon 11 Fuel storage 15 Oil well/Gas well																																																			
3 Watertight sewer lines 6 Seepage pit 9 Feedyard 12 Fertilizer storage 16 Other (specify below)																																																			
13 Insecticide storage																																																			
Direction from well? How many feet?
