GAMMA RAY / NEUTRON / CCL

File No.	Company Utah Oil, LLC																																															
	Well	Neese No. SV-8																																														
	Field	Paola - Rantoul																																														
	County	Franklin	State	Kansas																																												
	Location	2329 FSL & 3568 FEL		Other Services																																												
		NE-NW-NE-SW		Perforate																																												
	Sec 29	Twp 17s	Rge 21e	Elevation																																												
	Permanent Datum	GL	Elevation	957'																																												
	Log Measured From	GL		K.B. NA																																												
	Drilling Measured From	GL		D.F. NA																																												
				GL 957'																																												
Date	07-19-2014																																															
Run Number	One																																															
Depth Driller	691.0																																															
Depth Logger	632.9																																															
Bottom Logged Interval	631.9																																															
Top Log Interval	20.0																																															
Fluid Level	Full																																															
Type Fluid	Water																																															
Density / Viscosity	NA																																															
Salinity - PPM Cl	NA																																															
Max Recorded Temp	NA																																															
Estimated Cement Top	0.0																																															
Equipment No.	107	Osawatomie																																														
Recorded By	Steve Mandisch																																															
Witnessed By	Brad Leach
